

MINI 6S

6 CHANNEL FM SINGLE CONVERSION RECEIVER

Hitec introduces the latest compact sized FM receiver for Aircraft featuring 6 channels and Auto-Shift technology. Auto-Shift enables the Mini 6S to be operated using any brand of modern FM transmitter. The Single Conversion MINI 6S replaces the widely used HFS-04MG 4 channel & HFS-05MG 5 channel receivers.

Mini 6S

MODEL	DIMENSIONS	WEIGHT	MISC	PART #	PRICING
Mini 6S	1.44" x 1.0" x 0.7"	0.53 oz	6 Channels FM Ultra Narrow Band	28872	\$32.99 Street
AUTO SHIFT	All new Hitec receivers with Auto Shift are available in just one version and can be used with any brand of modern FM transmitter
