

SYNTH DX

3 CHANNEL FM SYNTHESIZED IPD RECEIVER

Use the new 3 channel FM Synth DX receiver and easily operate on any 75MHz channel. Match it up with a Hitec SPECTRA module radio and never use another set of crystals again. Featuring IPD circuitry allowing you to set a failsafe point, the Synth DX outperforms all 75MHz receivers on the market today.

SYNTH DX

MODEL	DIMENSIONS	WEIGHT	MISC	PART #	PRICING
